**Agreement between Mr Hamid Ahmadi and
the International Institute of Social History**

At the request of the I.I.S.H. Mr Hamid Ahmadi will conduct interviews with 28 members or former members of Iranian Left movements living in the Federal Republic of Germany.

For the duration of the project, Hamid Ahmadi will be recognized by the I.I.S.H. as 'director of the project "Oral History of the Iranian Left"'

The interviews will have an average length of six hours, during the first part of which the narrators will be left to tell their story spontaneously. In the second part of the interview, direct questions will be asked, covering as many practical and factual details (numbers of membership, size of local branch, financing, recruiting practices, etcetera) as is feasible.

The interviewees will be approached by Mr Ahmadi about the possibility of acquiring (parts of) their private papers for the I.I.S.H.

The tapes with the interviews will be open to researchers, unless restrictions have been placed on their use by the narrators, who are free at any time to do so.

./The copyright

The copyright of the tapes will remain with Hamid Ahmadi and will be mentioned in all publications which are based in any way on the interviews. The I.I.S.H. for its part agrees not to print or publish the contents of the tapes or copy them for use by a third party.

Amsterdam, 14 December 1994

Hamid Ahmadi

For the
I.I.S.H.:
